1017. Hoda Kotb's Red Hot Personality Package**\$200**

"Raising heart disease awareness is one of the things that means a lot to me. My dad died when he was very young from heart disease and it was one of those things that you did not pay that much attention to. You do not realize how easily preventable it is and if you just take some basic steps you can really take care of yourself. You picture a man clutching his heart and dropping to the ground, but heart disease kills more women than anybody. It kills more women than cancer. So, when you think about that, you want to remind women of the little things they can do to prevent it. We always put ourselves last - first, we make sure the kids are OK, the husband is OK, and then, who is left? Me!" This Brahim Faux Crocodile handbag is filled with contents that Hoda would keep in her own bag, deodorant to stay fresh during a BIG interview, Airborne, pens, Altoids, Artistry lip gloss in her favorite shade and a hair crunchie to keep your hair back while working out to keep fit. This special handbag package contains three Hoda Kotb customized items; stamps, NBC stationary from her desk and her new book titled, *HODA How I Survived War Zones, Bad Hair, Cancer and Kathie Lee*.
